Overview

Photo: JPTA President, Kazuto Handa

In the fall of 2017, the Asian Physical Therapy Forum was held at the Tokyo Bay Ariake Washington Hotel (Tokyo), by Japanese Physical Therapy Association and co-organized by Office of Healthcare Policy, Cabinet Secretariat, Japan.

As part of the promotion of "The Asia Health and Wellbeing Initiative (AHWIN)", which is the initiative of the public and private sectors, the forum aimed to establish and enhance a network for collaboration and cooperation among the professional associations of physical therapy in Asian countries / territories. From 14 Asian countries / territories, representatives of Association of Physical Therapy was participated.

In the forum presenters mentioned about rapidly progressing aging society in Asian, precedent cases and technologies, experiences with social systems, initiatives in Japan were widely introduced, and it was also a place to exchange various opinions.

Introduced about the Asia Health and Wellbeing Initiative (AHWIN), we need to cooperate for contributing development of healthy aging society. Not only medical treatment, preventing long-term care conditions and jiritu shien (Supporting independent living).

*Clinical visiting: Move to the bus for optional tour

Venue : Tokyo Bay Ariake Washington Hotel
 3-7-11 Ariake, Koto-ku, Tokyo 135-0063, Japan

Greating

Dear All Participants:

In Japan, under the public-private partnership platform of the “Committee on the Asia Health and Human Well-Being Initiative” based on the “Asia Health and Human Well-Being Initiative”, we are promoting initiatives in response to the advanced aging of society, a common issue in Asian countries. These initiatives are based on the mutually beneficial approach of building integrated community care systems in the Asia region and promoting of private businesses in the Asia region in order to create a new Asia where sustainable economic growth is possible through the realization of a society of healthy longevity and UHC in response to the rapidly advancing aging of society.

As a part of the promotion of the Asia Health and Human Well-Being Initiative from the perspective of the participation of physical therapists in prevention, rehabilitation, and independence support in the healthcare and nursing care area, Japanese Physical Therapy Association will be holding the “Asian Physical Therapy Forum”. Physical therapists from 14 Asian countries has been invited to build and organize a collaborative system among physical therapists in the respective Asian countries through discussions and collaboration among physical therapy associations of the respective Asian countries and the sharing of precedents and technologies from Japan.

Thank you in advance for your cooperation and support as we join hands as partner organizations for the advancement of physical therapy in Asia.

Kazuto Handa
President, Japanese Physical Therapy Association

Guest speech

Keizo Takemi

Member, House of Councillors, Japan; Chairperson, Asian Forum of Parliamentarians on Population and Development (AFPPD)

Keizo Takemi is a Liberal Democratic Party (LDP) member of the Japanese House of Councillors who also served as state secretary for foreign affairs in the Obuchi Cabinet in 1999, and as Senior Vice Minister of Health, Labour and Welfare in the first Abe Cabinet. Within the LDP, he is serving as Chairman of Policy Board in the House of Councillors and Chairman of the Special Mission Committee on Global Health Strategy of the Policy Research Council.

Takemi is a Senior Fellow at JCIE. He has been involved in various global initiatives, including the Commission on Information and Accountability for Women's and Children's Health Global Health Workforce Alliance, WHO Expert Working Group on R&D Financing, and the International Organizing Committee of the Prince Mahidol Award Conference. He has also been serving as Chair of the Parliamentary Caucus on Stop TB Partnership since March 2013, and Chair of the AFPPD since October 2013.

Biographical Notes

Asia Health and Human Well-Being Initiative

Koji Fujimoto

Deputy Director General, Office of Healthcare Policy, Cabinet Secretariat, Japan

Upon graduating from the Tokyo Institute of Technology, where he majored in mechanical engineering, Koji Fujimoto joined the Ministry of International Trade and Industry (now the Ministry of Economy, Trade and Industry, or METI) in 1987. He completed his Master in Public Policy at the Harvard University Kennedy School in June 1993. After working in various sections of METI, he was appointed director of the Medical and Assistive Device Industries Office of the Commerce and Information Policy Bureau in 2003. In 2005, he was seconded to the Dusseldorf Center in Germany of the Japan External Trade Organization (JETRO) as director of the Light Machinery Industries Center. On returning to Japan, he returned to METI and was appointed as director of the Service Industries Division (2008-2011) and director of the Light Machinery Industries Division (2011-2012) of its Commerce and Information Policy Bureau. He was appointed to serve in the Cabinet Secretariat in 2012, initially as counselor to the Office of Health and Medical Policy and then as deputy director-general of the Office of Health and Medical Policy from 2015.

About the organizers

Office of Healthcare Policy, Cabinet Secretariat, Japan

In promoting a society of health and longevity, the government of Japan enacted the 'Healthcare Strategy Promotion Act' in May 2014; followed by the establishment of the Headquarters for Healthcare Policy in June, and the Cabinet approval of the 'Healthcare Policy' in July, of the same year. One of the objectives stated in the 'Healthcare Policy' is to promote overseas activities of the healthcare sectors by building mutually beneficial relationships with foreign countries, especially, in fields of medicine and elderly care.

Based on the 'Healthcare Policy' the Office of Healthcare Policy, Cabinet Secretariat, Japan is promoting a new initiative called the "Asia Health and Wellbeing Initiative (AHWIN)", which launched in 2016, that aims to amass bilateral and regional cooperation on aging-related efforts in Asia in order to attain both making ideal aging society and economic growth through reciprocal and mutually beneficial approaches.

In August 2017, The Cabinet Secretariat of Japan co-hosted the Multi-stakeholder forum in Ho Chi Minh city, Vietnam, where started cooperation with Asian countries regarding AHWIN.

公益社団法人

日本理学療法士協会

JPTA

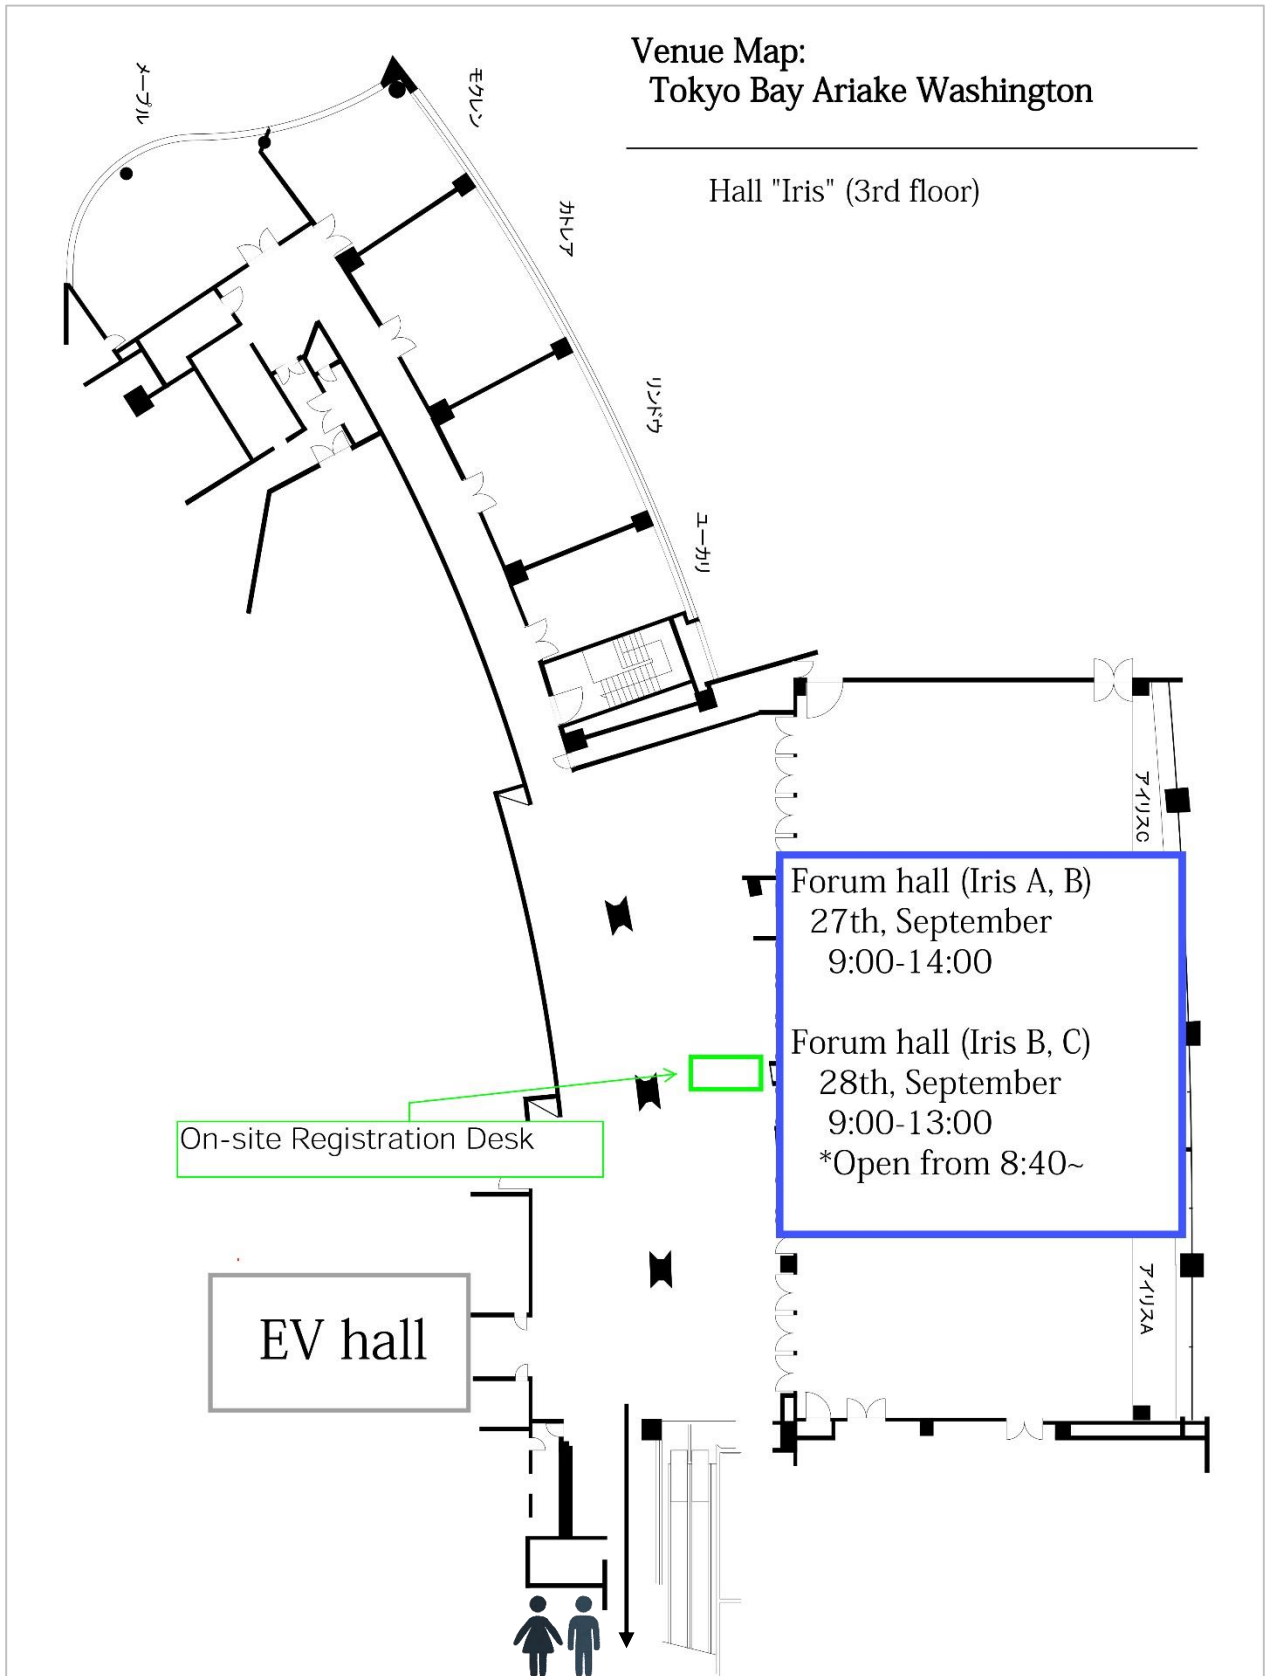

Japanese Physical Therapy Association

Japanese Physical Therapy Association (JPTA) was formed on July 17, 1966, by 110 licensed physical therapists. It was approved as an incorporated association by the predecessor of the Ministry of Health, Labour, and Welfare in January 1972 and became a member of the World Confederation for Physical Therapy (WCPT) in 1974. In 1990, it was recognized by the Science Council of Japan as an academic research organization.

More than 50 years have passed since the association's foundation, and physical therapists today are involved in a wide range of professional areas. The association meets a variety of social needs and is proud to go about its work as the only academic and professional association performing physical therapy in Japan.
